Mr. Burrell,

On August 25, 2002, you wrote and signed a check in the amount of \$650, made out to Jonni Joyce, on your account with Farmers First Bank, account number 19-05148401, and passed that check to me knowing that there were insufficient funds in the account to cover that amount.

When I contacted you in reference to this matter you requested on September 3, 2002, that I give you until start of business Monday (September 9, 2002) to cover the check. I denied this request and demanded immediate payment.

As of today's date, you have ignored your responsibility in this matter and have failed to make good on said check. Therefore, I demand payment in full. You are in arrears and if payment of the \$650 plus \$25 NSF fee allowed by law is not immediately tendered, I will pursue criminal and civil litigation against you.

My investigation of you has revealed a pattern of advertising seminars with outside instructors and accepting deposits for those seminars. Then, you have canceled the instructor for various reasons and lied to the students by advising them the instructor could not attend. This behavior is not only unethical but depending on what you did with the money, could be criminal in nature. You have agreed to reimburse deposits and failed to do so. You have also agreed to pay instructors expenses when you have canceled these seminars and failed to do so.

Because of your unethical and possibly illegal conduct, you are not authorized to represent yourself in any manner as having an affiliation with Jonni Joyce Seminars. You are banned from any and all affiliation with Jonni Joyce Seminars including hosting, advertising that you are hosting, or attending any class of instruction conducted by Jonni Joyce Seminars. This includes the use of your name, SEARCH ONE of PA, or Rogue K9

Enterprises. You are commanded to remove any and all information in reference to the Jonni Joyce Seminar held August 24/25 from your website as same serves as advertisement that you have not paid for and permission was never granted for you to post that advertisement.

Until such time that you make right on the wrongs you have committed, to all involved, this letter, including copies of the worthless check, will be published on my website in order to inform the search community of your unethical and dishonest ways.
